RESPECTFULLY PRESENTING PETITION FOR ACTION OF COURT FOR CAUSE AS FOLLOWS:

Per the District of Idaho, pretrial release conditions were reviewed with Mr. Bradshaw on November 8, 2024; he acknowledged an understanding of his requirements.

Per the District of Idaho, the computer monitoring program Internet Probation and Parole Control (IPPC) was installed on his personal cellular telephone on November 11, 2024.

Per the District of Idaho, on November 26, 2024, Mr. Bradshaw signed the District of Idaho's Computer Monitoring Program Participant Agreement acknowledging an understanding.

**Violation #1:** Mr. Bradshaw is in violation of his pretrial conditions by being in the presence of a minor without a pre-approved adult or permission from the probation office on May 28, 2025.

On August 18, 2025, the supervising officer in the District of Idaho sent the below said officer an 82-page IPPC report. IPPC is the United States Probation's national contract for computer monitoring. The report reflects a review date beginning November 24, 2024, and ending August 18, 2025. On page 54 of 82, the report reflects three pictures, dated May 28, and May 30, 2025. In the picture is Mr. Bradshaw and a male toddler (exact age unknown). Per the supervising officer, Mr. Bradshaw has not been given permission to be in the presence of a minor.

**Violation #2:** Mr. Bradshaw is in violation of his pretrial release conditions by being in the presence of minors without a pre-approved adult or permission from the probation office on August 1, 2025.

On August 12, 2025, this officer received an email with attachments from the supervising probation officer in the District of Idaho, stating the following:

"On August 1, 2025, he went to the Tower Grill restaurant in the Nampa, Idaho, airport for 2 hours. This would be a relatively minor oversight by me; however, I note there were minors who were there with him. IPPC allows me to see his text messages. He is discussing with someone named Steven about needing a high chair, Steven says 5 adults and 3 kids and one sling for a car seat. So that would be 4 children. None of the adults have been pre-approved by probation and Mr. Bradshaw has not requested permission to be in the presence of minors. I do not know who Steven or Sierra are in relation to Mr. Bradshaw, however, I believe this is Steven's wife based on the text messages."

**Violation #2:** Mr. Bradshaw is in violation of his pretrial release conditions by viewing sexually explicit pictures on his cellular telephone between March 3, and May 28, 2025.

On August 18, 2025, this officer received an email from the supervising probation officer with three attachments. One of the attachments was an 82-page IPPC report. The report reflects a search time frame beginning November 24, 2024, and ending August 18, 2025.

Beginning on March 3, 2025, and ending May 28, 2025, the IPPC report reflects sexually explicit images that were flagged as high erotic adult content. The pictures viewed by Mr. Bradshaw between the above-noted dates include full frontal and rear nudity, non-blurred sexual acts between two individuals, masturbating, sexual intercourse, and collections of audio sex stories with images.

**Violation #3:** Mr. Bradshaw is in violation of his pretrial release conditions by viewing pornography between May 17, and July 7, 2025.

On August 18, 2025, this officer received an email from the supervising probation officer with three attachments. Per the supervising probation officer, on January 28, 2025, she told Mr. Bradshaw he could not access pornography. One of the attachments was an 82-page IPPC report. The report reflects a search time frame beginning November 24, 2024, and ending August 18, 2025. The report reflects 82 pages that were flagged by IPPC as either medium or high erotic adult content.

Per the IPPC report:

On May 17, 2025, Mr. Bradshaw was found to have been viewing pornography (page 52 of 82).

On May 31, 2025, Mr. Bradshaw was found to have been viewing pornography (page 56 of 82).

On July 7, 2025, Mr. Bradshaw was found to have been viewing pornography (page 65 of 82).

**Violation #4:** Mr. Bradshaw is in violation of his pretrial release conditions by directly or indirectly using, accessing, or possessing a computer or electronic media, including any devices, televisions, and cellular phones, with Internet access capabilities, without the prior approval of United States Probation/Pretrial Services between November 13, 2024, and August 18, 2025.

On August 19, 2025, this officer received a detailed email from the District of Idaho, after conducting an in-depth search via IPPC, of Mr. Bradshaw's cellular telephone. Due to the extent of the information recovered and provided, the information received from the supervising probation officer is quoted below:

"I've attached our computer monitoring agreement. In it, it references on #5 (no access to any other computers); #6 (circumventing the software); and #7 (software/devices to hide information). In order to get the information I am going to provide, I had to dig through the files of his cell phone where it may not notify the user of what's happening but documents it. Special condition #10 relates to internet access.
